11.0 Barnsley Football Club Anti-Discrimination Policy

Barnsley Football Club's disability policy covers the Disability Discrimination Act 1995 and 2005 (DDA).

For the purposes of the DDA, a disabled person is someone who has physical or mental impairment which has substantial and long-term adverse effect on their ability to carry out normal day-to-day activities; or has had such impairment in the past (See appendix RE definitions).

Barnsley Football Club provides 57 wheelchair bays for HOME supporters.

These are situated in the Corner Stand at Oakwell Stadium and limited numbers in the South Stand. Tickets for disabled supporters in these areas are priced at the appropriate category. Helpers go free. Disabled supporters in the Corner Stand should enter Oakwell Stadium via Gate One (South East corner). For the South Stand disabled supporters should enter through gate 33 on Grove Street.

Barnsley Football Club also provides facilities for supporters with a visual impairment. These are also situated in the Corner Stand at Oakwell Stadium and visually impaired supporters can enjoy the atmosphere at the big game via match commentary. Visually impaired supporters should enter Oakwell Stadium via Gate One (South East corner).

There are also 18 wheelchair bays available for away supporters in the North Stand.

Parking is provided for disabled supporters. The number of designated disabled bays in the Oakwell car park is 59, although these are sold to season permit holders in the home car park. Away supporters should advise the steward on their arrival to the away car park. Oakwell Stadium has disabled toilets for both home and away supporters.

For more information on Disabled ticketing arrangements, prices and allocations, please contact the Oakwell Box Office on 0871 2266777.

Barnsley Football Club's ticket policies are the same for disabled and non-disabled supporters.

The Club's ticketing policies provide for personal assistants and carers (PAs) to be admitted without charge, where a disabled supporter requires a PA in order to attend a match, on condition that the PA provides support to the disabled person as required.

The Club's concessionary ticket policy for disabled supporters applies to all disabled supporters, regardless of their needs based on the need to be accommodated in a designated disabled seating area, such as for wheelchair users, and/or the need for PA support in order to be able to attend the match.

Separate home and away facilities are provided for disabled supporters. Barnsley Football Club endeavour to provide weather protection for disabled supporters in exposed areas of Oakwell Stadium.

Information about access and other facilities for disabled people is easily available via the Club's official website, www.barnsleyfc.co.uk and in the Oakwell Box Office.

The Club has designated a disabled car parking area. More information can be obtained from the Oakwell Box Office.

Appendix

Definitions

1 "A person with a physical or mental impairment"

This includes those with mobility impairments, sensory impairments (hearing, eyesight), learning difficulties and mental impairment. It is no longer necessary that a mental impairment be 'clinically well-recognised'.

Other people covered by the Act include:

- People with severe disfigurements, even where these do not directly affect day-to-day activity.
- People with cancer, multiple sclerosis or HIV infection are included from the moment of diagnosis (i.e. even where, currently, there is no effect on day-to-day activities).
- People with other progressive conditions (e.g. muscular dystrophy, rheumatoid arthritis) are included from the moment that the condition has some effect on their ability to carry out day-to-day activities, provided that at some point in the future it will have a substantial effect.
- People whose physical or mental impairment is substantially corrected or controlled by the use of prosthesis (such as artificial limbs) or medication (except if an impairment is controlled or corrected by spectacles, eyeglasses or contact lenses, in which case it is only if the residual effect is sufficiently adverse that the person would be covered).
- Children under the age of six who would be covered by the DDA if they were an adult.

People with the conditions below are expressly not covered by the DDA:

- Those whose impairment consists only of addiction to nicotine, alcohol or any other substance (unless the addiction resulted from medically prescribed drugs or treatment).
- Those with conditions giving them a tendency to set fires (pyromaniacs), a tendency to steal (kleptomaniacs), a tendency towards physical or sexual abuse, exhibitionism or voyeurism.
- Those with seasonal allergic rhinitis (hay fever).
- Those with a severe disfigurement consisting of an unremoved tattoo or body piercing.

2 The impairment must have a “substantial adverse effect”

Substantial, in this context, means only ‘more than minor or trivial’. As stated above, if an impairment is corrected by use of a prothesis (other than spectacles) or by medication, that correction must be discounted before determining whether the effect is “substantial”.

3 The effect must be “long-term”

This means that:

- It must have lasted, or be expected to last, at least 12 months.
- It is likely to last for the rest of that person’s life.
- It is likely to re-occur if it is currently in remission.

4 The impairment must adversely effect “normal day-to-day activities”

This means activities that are normal for most people, not specialised activities such as the ability to play a musical instrument. The following are the day-to-day activities covered by the Act:

- Mobility
- Manual dexterity
- Physical co-ordination
- Continence
- Ability to lift, carry or otherwise move everyday objects
- Speech, hearing or eyesight
- Ability to concentrate, learn or understand
- Perception of the risk of physical danger

In most cases, it will be clear whether or not a person meets the above definition and it should not therefore be necessary to make significant checks on eligibility. However, there may be cases where the Club is not certain that the person presenting a disabled person is actually a disabled person as defined by the Act. In that event, if the Club is offering a concession or if the person is seeking a reasonable adjustment (such as a ticket for a PA) the Club is entitled to seek evidence from the person. Typical evidence that a Club could seek would be one of the following:

Entitlement to the medium or higher rate care component of the Disability Living Allowance (DLA).

Entitlement to the mobility component of the DLA.

Holder of a Blue Badge (with the person named as the disabled person).

Letter of confirmation from the Local Authority Social Services Department that the person is in receipt of support services.

Letter from the person’s GP confirming that they are a disabled person with a recognised impairment that requires extra help.

In the case of DLA, the award may be for life or for a fixed period. Accordingly, it would be reasonable for a Club to check periodically (e.g. annually), whether a disabled person remains eligible, although where an award is made for life the Club’s systems would record this so as to avoid the need for periodic checks of that person’s eligibility.
